Self Introduction:	I'm am currently completing my university degree in Japanese by spending a year in Japan. I would describe myself as a very motivated individual that always strives to do her best. I'm very good at working in a team thanks to my past job experience working in customer service. I work well under pressure and I'm not afraid of completing difficult tasks. Once I complete my degree I would like to work for an international company and handle foreign relationship with other countries in a way that it will allow me to use my language and cultural skills.
